## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. The claims include the use of the word “for” which indicates intended use. A claim containing a “recitation with respect to the manner in which a claimed apparatus is intended to be employed does not differentiate the claimed apparatus from a prior art apparatus” if the prior art apparatus teaches all the structural limitations of the claim. *Ex parte Masham*, 2 USPQ2d 1647 (Bd. Pat. App. & Inter. 1987).

If Applicant(s) desire to give the phrase patentable weight, the Examiner respectfully recommends Applicant(s) remove “for” from the phrase where intended use is not desired.

3. Claim 4 is rejected under 35 U.S.C. 102(b) as being anticipated by Lockett et al 5,076,599.

Lockett et al. discloses an apparatus for towing at least one bicycle with a first bicycle , the first bicycle having a rear wheel support structure 75, comprising a cart having at least one frame member 36; a towing means including a bracket assembly 80 and a towing arm 78, for pulling the cart behind the first bicycle, the bracket assembly being removably mounted on the rear wheel support structure of the first bicycle, the towing arm being connected to the bracket assembly, the towing arm extending rearwardly from the first bicycle and being fastened to the

frame member of the cart; and means, including a wheel carrier 24 which is supported by the rear of the cart, for towing a second bicycle held in a position in which it is turned with its front wheel turned at an angle of approximately 90 degrees, the wheel carrier holding the front wheel of the second bicycle when it is so turned.

*Allowable Subject Matter*

4. Claims 1-3, 6-7, 12-13 are allowed.

*Conclusion*

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
